Welcome to The Leader in Me

Each new school year brings opportunities for academic growth and growth in all areas of development. Although children must be knowledgeable when they graduate, they must also be healthy, engaged, responsible, and caring people.

The Leader in Me provides your school with the vision and language to lead the school in a way that addresses all areas of development. As each child discovers and develops his or her unique gifts and talents, they are given opportunities to lead. As leaders, they become active, engaged partners in their own education and their self-confidence, responsibility, and initiative grows. The children quickly understand the benefits of different gifts and talents; they learn to listen to new ideas, work together to achieve results, and motivate one another to be the best.

We hope your school enjoys sharing these new opportunities. Together, you will watch each and every child grow throughout the year.
